Dear Senator Hayakawa:

Rumors are flying so fast and so many different sources are involved and the matter so serious, I must write you as follows.

"The C.I.A. is involved in the aiding and assistance of the rebels in Nicaragua. Further it is alleged the State Dept. is also involved in this matter."

I believe this to be the most serious matter to confront this nation. I cannot imagine any project calling for the overthrow of the existing government of any country where we are aligned along side of Castro's Cuba.

Senator you are in the proper position to call for an investigation of these matters and to have all the facts laid out for the public to know for themselves.

Just who are these faceless unelected power laden despots who decide the fate of other countrys and in so doing effect the future of our own country ?

Do the American people and the as yet unborn generations a real service and get to the bottom of this slimy mess.

Wishing you continued success in your every endeavor, I am,

Sincerely yours,
